INTRODUCTION

Mayor Jerry E. Abramson and the Department of Inspections, Permits and Licenses again wish to invite you to our annual Building and Development Conference.

This year's conference has been developed with the support and input of the Kentucky Department of Housing, Building and Construction, the Central Kentucky Chapter of the American Institute of Architects, the Homebuilders Association of Louisville the Code Administrators of Kentucky and most importantly, you, the members of our development community.

The 11th Louisville Metro Building and Development Conference will be held on Thursday, February 23, 2006 at the Clarion Hotel and Conference Center located at 9700 Bluegrass Parkway.

This year's conference program offers many topics relative to the needs and concerns of our development community, as well as the development industry at large. In this brochure, you will find a brief description of the classes offered and the continuing education credits that can be achieved, as granted by Louisville Metro and various professional organizations.

Louisville Metro also will have many of its field and office personnel who are involved in the inspection and development review processes within our community available to you for one-on-one discussions. These individuals will be available pre and post conference times, as well as during all breaks. This conference is designed to meet all of your needs.

The cost of this year's conference is \$80 per person. This fee includes a continental breakfast, lunch, parking, along with your class enrollment. Classroom seating is limited, so please submit your registration form before the deadline of February 11, 2006. We look forward to seeing you.

William P. Schreck, Director
Inspections, Permits and Licenses

REGISTRATION FORM

Name: _____

General Overview Kentucky Building Code

Time: 8:30 a.m. - 4:30 p.m.

This class will consist of an overview of the Kentucky Building Code. This one day seminar will provide the attendee with code specific information on the classification of buildings by occupancy groups and types of construction, the four methods of addressing mixed use buildings, allowable heights and areas and the code methods for increasing the basic allowables. Also discussed will be fire resistive construction, fire protection and a detailed discussion on the means of egress."

This course will assist municipal and state building inspectors, housing inspectors, housing authorities, rehabilitation specialists, architects, engineers and contractors.

:

Instructor: Brent Snyder, C.B.O., Brent Snyder Seminars, LLC

6 C.E.U.'s/(HSW) L.U.'s - Kentucky Building Code Inspectors Certification, Jefferson Co. Ord. No. 21 (Residential Contractors), and Home Builders Association of Louisville.

6 L.U.'s - AIA Members.

Refund Policy

Substitutions are accepted up to the day prior to the conference (February 23, 2006). If you cannot attend this conference, please notify Bonnie McGrath@louisvilleky.gov or 502-574-8161. The registration fee is \$80.00 and is non-refundable unless we are notified 10 business days prior to the seminar date that you are unable to attend.

Continuing Education

Please be sure to sign in your class, sign-in sheets will be located in the back of each room.

Continuing Education Certificates will be given out at the end of each session.

*Kentucky Architects

We believe that these classes will satisfy the Kentucky State Board of Examiners and Registration of Architects for their continuing education programs. If you want to confirm, you may call (859) 246-2069 or go to www.kybera.com.
